

Religion that God our Father accepts as pure and faultless is this: to look after orphans and widows in their distress and to keep oneself from being polluted by the world.

James 1:27

**G**EMS Girls' Clubs was gifted 25 acres of land near Chongwe, Zambia on which to build a school for orphan and under-resourced children. **THE ESTHER SCHOOL** is desperately needed to help prepare girls and boys to live healthy, productive, and fulfilling lives. This Christian day school will address the educational, spiritual, emotional, and economic needs of orphans and vulnerable girls and boys, and prepare them to successfully manage the difficult circumstances facing young people in this country. As the campus is developed, the school will become completely self-sustaining. At every grade level students will learn skills and participate in maintaining one form of sustainability: gardening, agriculture, fishery, milling, raising cattle, or operating chicken runs. **THE ESTHER SCHOOL** will equip, motivate, and inspire children in Zambia to become leaders in their homes, churches, communities, and their country.

In your honor, a gift has been made to **The Brick Campaign**. Buy a Brick to build **THE ESTHER SCHOOL**. May this gift bring you joy as it brings hope to thousands of orphan children dreaming of attending school.

**YES!**  
I will build the dream...

**B**uilding this school will require a response from every person who reads this "brick." Consider giving bricks as gifts. Simply do what you can. 180,000 bricks are needed.
