

Building the dream for North American Girls...

When *The Call to Africa* came to GEMS, we had no way of predicting how girls and women in GEMS would respond to this call from God. But the response has been so heartwarming. We see how God has used this call to help girls get their focus off themselves and on to a world filled with lost and hurting people. As girls

Girls have opened their hearts in remarkable ways.

have been introduced to children in Zambia and the difficult lives they lead, they have opened their hearts in remarkable ways. They've willingly given-up, sacrificed, and offered something of themselves to others. In doing so, they've blessed many—God and the children and families in Zambia. And in turn, they've been blessed themselves. This is indeed God's good plan—to use His people to accomplish His purposes.

God has brought many other opportunities to the GEMS ministry as well. If you would like to give a gift directed exclusively toward specific projects benefitting girls in North America, we would appreciate your generosity in these areas as well. Our fervent desire is to do all we can to equip women and girls to live radically faithful lives—doing justice, loving mercy, and walking humbly with God. Our request is that you simply do what you can.

The opportunity to secure GEMS' future through asset acquisition is available. A 70 acre parcel of land with a natural log construction retreat center, 3 cabins, pole barn, and beautiful river running through the length of the property is available in north central Michigan. It offers great potential for developing into a spiritual retreat center and a year round camping facility. Imagine the thousands of lives that could be shaped by and for Christ here. \$250,000 is needed.
